## FLEXIBLE ANESTHESIA SOLUTIONS

Anesthesia Healthcare Partners (AHP) is a national anesthesia management company, solely focused on the anesthesiology specialty since 1998; AHP recognizes that every hospital and ambulatory surgery center is unique; and offers our partners a customized, data-driven and locally-based anesthesia service solution.

- Ambulatory Anesthesia Practice Management
- Anesthesiology Department Management
- New Group Formation
- Anesthesia Team Recruitment
- Managed Care Contracting Expertise
- Anesthesia Billing

## flexible solutions focused on quality

### for HOSPITALS

Turn-key anesthesia management can help a hospital's administration immediately reduce an anesthesia subsidy, improve on-site leadership and add any necessary quality tracking capabilities that many traditional anesthesia groups simply do not have due to the time or resources to implement; allowing for an opportunity to exceed surgeon expectations, improve productivity and efficiency while maintaining a culture that translates into happy patients.

- On-site Medical Director (newly recruited or existing)
- A Collaborative Hiring Process
- Focus on Retaining Exceptional Talent
- On-site or Off-site Practice Management Team
- Tracking and Trending Reports
- Policy & Procedure Enforcement

### for SURGERY CENTERS

Whether you (a) currently own your anesthesia practice, (b) plan to own your anesthesia practice in the future or (c) simply evaluating a contracted anesthesia service; AHP has a solution designed for your center's unique needs

- Turn-key Practice Model
- Management Only Model
- Joint Venture Model

## BILLING SERVICES

With our managed care contracting expertise and our ability to have control over our in-house billing services, we try to keep it “as simple as possible” for our patients; while implementing revenue cycle management procedures that ensure our managed services are collected upon in the most accurate and timely manner.

- Proper Charge Capture
- Anesthesia Record Audits
- Customized Reporting

**EXPECT MORE...**

## CREDENTIALING & ENROLLMENT SERVICES

AHP will provide your leadership with the anesthesia team’s credentials. We only recruit and retain the highest quality and well-trained providers in the specialty. Our facility partners are always offered the first right of refusal for the anesthesiologists and CRNAs recruited, as we place a great deal of value on a cohesive team atmosphere.

**Our typical credentialing process includes the verification of:**

- Board Certification
- Education
- State License(s)
- Work history
- DEA/CDS/CSR Registration
- The Healthcare Integrity & Protection Databank
- Malpractice claims history
- Malpractice insurance
- Facility privileges
- The Federation of State Medical Boards
- The National Practitioner Databank
- The American Medical Association
- Professional references

## RECRUITMENT SERVICES

With access to over 84,000 anesthesiologist and CRNAs throughout the United States; we will use our reputation and reach to find the team that fits perfectly within your culture; while holding the clinical quality of care standards to the utmost measure of success.

## OUTSOURCED SOLUTIONS

As a nationwide leader in anesthesia department management services; we work as an extension of your administration while you leverage our management resources without the associated staffing expenses or headcount.

- IMPROVE OR EFFICIENCY
- IMPROVE CLINICAL QUALITY
- IMPROVE FINANCIAL PERFORMANCE

## AMBULATORY ANESTHESIA

Understanding the need for a very different staffing model and team attitude of your anesthesia providers has driven us to become the nation’s largest manager of dedicated propofol sedation services.

Whether you own your own anesthesia practice or are seeking a turn-key solution; we have the solution and the experience to implement within a 60-day window.

## TURN-KEY SOLUTIONS

Let us worry about everything anesthesia related.

- POLICY & PROCEDURES
- JCAHO & AAAHC
- PRE-OP PHONE CALLS
- 100% COVERAGE
- COLLABORATION
